CN2

Outstanding Tone, Touch and Value

The CN Series... Kawai's most affordable line of high performance digital pianos. Combining our critically acclaimed Harmonic Imaging sound technology with the new AHA IV action with AR Technology, the Kawai CN Series sets a higher standard of performance and value in digital pianos.

Exceptional Value

The CN2 delivers value and performance in an entry-level digital piano. It includes 15 exceptionally authentic instrument sounds all reproduced by an 24-Watt sound system. Other great features include an easy 2-track recorder, reverb and effects, and a MIDI interface.

We've also included 88 Concert Magic songs so even non-players can experience the thrill of playing real music. And the CN2's cabinet, with its traditional styling and full pedalboard, has a beautiful appearance not found on many lower priced digital pianos.

With exquisite tone and touch, great features, and beautiful cabinetry, the CN2 delivers exceptional value for budget minded pianists of all skill levels.
