Demand the best... Expect the best... MP8

TO NE

At the heart of the MP8's superb piano sound is Kawai's acclaimed Harmonic Imaging sound technology. Able to re-create the entire dynamic range of the hand-crafted EX Concert Grand Piano, Harmonic Imaging delivers breathtaking realism in all of the 256 sounds on-board the MP8.

TOUCH

The unsurpassed feel of the MP8 is due to its wooden-key, graded hammer AWA PRO action. Following the mechanical principles of our grand piano actions, the AWA PRO is simply the finest action available in a professional stage piano.

ON STAGE OR IN THE STUDIO

The MP8 offers 4-zone controller capability with each zone providing internal and/or external control. Layers, splits, velocity switches along with settings for pedals, controllers, and the unique control knobs can be stored in any of 256 user setups.

A special user-assignable switch provides control over external sequencers, metronomes, and other panel functions. Stereo Line Out and XLR jacks make connecting to any sound system or recording device a breeze.

REVERB, EFFECTS, CONTROLLERS

7 Reverbs and 20 Effects can be individually assigned to each of the 4 zones of the MP8. On the panel, the 4 assignable knobs can control or edit reverb and effects, EQ, tone modification, or MIDI continuous controllers.
