

MP4

Professional Stage Piano

With all the capability you'd expect from the acclaimed Kawai MP Series, the MP4 is sure to satisfy the most demanding performer's need for impeccable sound quality, responsive touch, and powerful control.

KAWAI
D i g i t a l

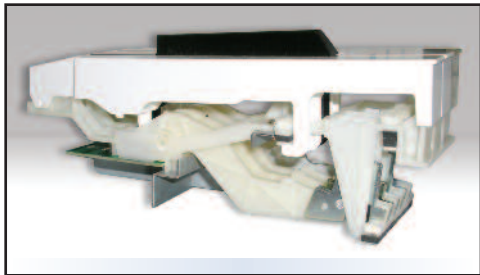

Built with the heart of the MP series, the MP4 is a powerful, more portable, professional stage piano at an impressively affordable price.

TONE

The MP4's superb piano sound is due to Kawai's acclaimed Harmonic Imaging sound technology. Able to re-create the entire dynamic range of the hand-crafted EX Concert Grand Piano, Harmonic Imaging delivers breathtaking realism in all of the 64 sounds on-board the MP4.

TOUCH

The AHA IV with AR Technology offers superb touch, even for discriminating players. This graded hammer action provides uncompromising feel in a surprisingly lightweight and portable keyboard action.

ON STAGE OR IN THE STUDIO

The MP4 offers 4-zone controller capability with each zone providing internal and/or external control. Layers, splits, velocity switches along with settings for pedals, controllers and the unique control knobs can be stored in any of 64 user setups.

REVERB, EFFECTS, CONTROLLERS

7 Reverbs and 20 Effects can be individually assigned to each of the 4 zones of the MP4. On the panel, the 4 assignable knobs can control or edit reverb and effects, EQ, tone modification or MIDI continuous controllers
